RE: LICENSING OF ELEVATOR INSPECTION COMPANIES

The new Elevator Safety Rules which were published on June 6<sup>th</sup> 2008 in the Illinois Register require that all inspection companies must be licensed by the Office of the State Fire Marshal.

At the June 12, 2008 meeting of the Elevator Safety Review Board it was decided by the Board that these companies would have until August 31, 2008 to comply with registration requirements.

A copy of the application for Inspection Company licenses will be available on the Elevator Safety page of the Illinois State Fire Marshal website.
