**Closed Session**

This session involved a discussion on two inspectors where allegations of misconduct had been made. Mr. Fennell stated that there is no basis to file charges on in order to discipline. There is nothing in the Statute or Rules that covers this topic. In this regard there is not much the Board can do.

It was agreed that Mr. Capuani would send letters to both inspectors with copies to the villages where the incidents occurred, their companies, and the certifying organization to which they belong giving all the information that was received and gathered.
